

JM Steel

Provides a Variety of Flat Rolled Steel Products

MINING | INDUSTRIAL | MANUFACTURING | LOGISTICS

JM Steel has the processing capability and extensive inventory to provide a variety of flat rolled steel products including master coils, slit coils, blanks, beams, sheets, flat bars and panels. With its geographical advantage, being located next to a world leader in coil production, JM Steel prides itself in being the most responsive steel processor in the southeast.

ATTENTION SENIOR CLASS STUDENTS

Are you ready to start earning a healthy income with outstanding benefits upon graduation?

JM Steel Corporation of 1050 N. Steel Circle, Huger, SC would like to present to you a career in manufacturing upon graduation. We offer extensive training for those who are excited about the next chapter in life, are willing to learn a new skill, have a positive attitude and possess a good work ethic.

Are you at least 18 years of age and want to get a head start? JM Steel will potentially offer Saturday only employment opportunities so that you will be one-step ahead of the rest upon graduation.

If this opportunity sounds exciting to you, we would like to meet you! Interviews will be conducted upon receipt of your application. Please follow the instructions below and let your future begin!
