

# 2025 Manufacturing Student Development Programs

**Boeing Commercial Airplanes**  
SOUTH CAROLINA

## APPLY BEFORE 11:59PM EST FEB 12, 2025!

Our Boeing South Carolina (BSC) Student Development Program allows current high school students and recent graduates to gain manufacturing experience through a paid, on-site, hands-on training experience.

Visit [boeing.avature.net/scmfgsdp](http://boeing.avature.net/scmfgsdp) to apply!

- Paid, full-time work from 6 a.m. to 2:30 p.m., Monday to Friday, June 13 to July 24. Badging and orientation will be held on June 12.
- Applications are invited from high school students and recent graduates of eligible schools who are aged 17+ on June 13, 2025, and who have experience using tools and an interest in manufacturing careers. Students currently enrolled in hands-on career and technical education courses are especially encouraged to apply.
- Students will be employed by a third-party staffing company and assigned as contractors to Boeing.
- Wages will be \$17.50 per hour.
- Selected students enrolled at schools more than 55 miles from site will be considered by the staffing company for a 'Distance Bonus' to help compensate for arrangements to attend work. The Bonus amount will be benchmarked against local temporary housing costs and advised to eligible participants with offer.
- Work will be located at Boeing's North Charleston site.
- Participants must provide their own transportation to the Boeing site.
- Applicants will be advised whether they are invited to a virtual interview by mid-March.
