

BOEING SOUTH CAROLINA

2025 Boeing Student Development Program

Boeing South Carolina is partnering with local school districts to offer employment opportunities to high school seniors interested in learning about a career in STEM and advanced manufacturing in the aerospace industry. The Boeing Student Development Program is a work-based learning opportunity to earn high school credit while getting paid an hourly rate.

- Applications are open to rising and graduating high school seniors at Charleston County School District, Berkeley County School District, or Dorchester County District 2 school.
- Work location will be at Boeing's Airport Campus in North Charleston (5400 International Blvd.)
- Participants must provide their own transportation to the Boeing site.
- Students will be employed by a third-party staffing company and assigned as contractors to Boeing.
- Hourly rate will be \$17.50.
- There will be no paid time off available.
- Two programs available: Students may apply to support either 1) Engineering or 2) Supply Chain Management
- Students will work a full-time, first-shift schedule, Monday - Friday.

Internship Term: Friday, June 6, 2025 – Thursday, July 31, 2025
