WAIVERS AVAILABLE
UPON REQUEST

ADVENTURES AT CYBER CAMP

The Palmetto Cybersecurity Summer Camp is a week-long camp hosted by the Naval Information Warfare Center Atlantic and Charleston County School District, offering rising 5th through 12th graders courses in cybersecurity, science, technology, engineering, and mathematics. Our introductory tracks introduce topics like coding, robotics, and technology while our more advanced tracks focus on concepts such as rapid prototyping, network security, and programming. By offering these courses and the camp, it allows for us to build our next generation of warfighters!

CHECK US OUT ON ALL SOCIAL
MEDIA PLATFORMS!

*CAMP TUITION WILL HELP COVER COST OF STUDENT MEALS,
EDUCATIONAL MATERIALS, AND STUDENT SUPPLIES.
